

Dear SpikeTraders,

Working online is good, but meeting in person is better: we learn, share, and get to know each other. In response to your requests, after a pause of five years, we invite you to the **2019 SpikeTrade Conference**.

You have a great opportunity to connect with people whose work you respect, discuss ideas, ask questions, and receive precise answers. You get to spend quality time with Alex, Kerry, Spikers, and Members. At the heart of this event are **multiple presentations by Alex and Kerry**. Come for fresh insights and discoveries – and enjoy one of the most exciting cities on the planet!

The key theme of our 2019 conference is “**Finding and managing trades.**” A good trade is hard to find – but even harder to manage. Alex and Kerry will share their search methods and show how they manage their trades from entry to exit.

This conference will include several **interactive sessions**. Alex and Kerry will review several Spike trades to help you learn what is right and what is wrong. They will analyze current trades suggested by participants and make suggestions. Another session will feature an always popular “Alex & Kerry show” – you ask them about specific markets and they’ll both reply. You’ll see how two serious traders who share general principles use somewhat different methods. There’ll be many other sessions, and we may ask some of the leading Members to deliver brief presentations.

Trading is a process of continuous **self-improvement**. Success doesn’t come from a single brilliant breakthrough – it’s a result of multiple steps, changes, and decisions. Now is time to break out of your solitude, join a network of mutual support, and upgrade your trading.

**Low fee:** to make our 2019 conference affordable to SpikeTrade community, we are not increasing the fee from its 2014 level, with bonuses for early registration.

You'll find the **social environment** of this conference very pleasant. On Friday, May 3, we'll have a cocktail party at Alex' apartment in Little Italy. Register early – that space is limited to the first 18 participants. Later that evening we invite all conference participants to a festive dinner at a nearby restaurant. On Saturday and Sunday from 10 to 5 we'll work at a private club in midtown Manhattan, where wonderful lunches will be delivered to us.
